BENTLEYVILLE CITIZENS WILL FIGHT ALL TAX LIEN SALES

Meeting Held Last Evening Decides to Stand By Property Holder

RAISING MONEY FOR EXPENSES

Bentleyville citizens are going to fight the tax lien sales. An indignation meeting was held in that town Thursday night, at which over 300 interested citizens were present, when the situation was gone over thoroughly and it was decided unanimously to fight to the last ditch against dispossessing property owners on tax lien sales.

The meeting, which was presided over by Lloyd Squires, was called to hear the report of the committee consisting of Burgess H. L. Hetherington, Julius Nicholls and Rev. Father Schrach, appointed at a previous meeting to employ counsel and see what legal action was necessary to protect the property owners in their rights.

Burgess Hetherington reported that the committee had employed Norman E. Clark, of Washington, as their counsel, and said that Mr. Clark had told the committee that it was a foregone conclusion that the sales of the properties were illegal and advised the people to stay on their properties unless ejected by legal action.

A report of the conference with the attorney was also made by Father Schrach, who spoke in Polish for the benefit of those who did not understand English. It was decided by the meeting to stay on the job and fight each case individually as it comes up.

A movement was started to secure a fund to finance the legal fight. Mrs. E. M. Crouch, whose grandfather, Sheshbazzar Bentley, founded the town of Bentleyville, in making a contribution to thewar chest said that shewould match dollar for dollar up to $500. Pledges secured last night totalled $254 and further canvassing will be done to secure an adequate fund to finance the defense of the home.

The executive committee will take care of the property rights of the foreigners, many of whom were imposed upon by the tax sales because of their ignorance of the laws and the method of paying taxes.

All persons whose properties were sold to Controller T. J. Underwood at the tax lien sales will fight to retain their titles and in their fight will have the backing of the entire community. It was decided to hold another meeting next Thursday night, when cases will be taken up in detail.

The congregation of the Christian church will hold a reception Friday night for Rev. F. C. Lake and family. The members expect to have a good turnout to greet their new minister who has just taken up the work here. A good program will be rendered and refreshments will be served. 52-t2*

JUSTICE FINES WOMAN FOR PEDDLING MILK

Justice of the Peace Grover W. Boyd of Donora, on Tuesday evening, fined a woman, Kate Opotcovitz $25 for selling milk in that borough without a license. Her attorney asked for a transcript and says he will take the case to the Supreme Court. The defendant had her license revoked two years ago because of unsanitary conditions surrounding her place of business, it is said.

RAILROAD FARE INTERESTS COMMUTERS

The change in railroad passenger fares, which is scheduled to become effective on the 26th of August, is a matter of a great deal of concern to a large number of commuters who travel in and out of Charleroi. Under present arrangements commutation tickets can be purchased at any time during the month, and are good until a corresponding date in the succeeding month. As a consequence many such tickets do not expire until some time during the month following in which it is purchased, and naturally the increase in fares is a matter of much concern to holders of such tickets.

For instance, if a commuter should purchase a ticket prior to the 26th of August, will they be allowed to use the ticket until the date of expiration without any additional charges, or will they be required to pay the additional pro-rata if the price of commutation tickets should be advanced?

The question, of course, is one of great moment to all those who ride daily on passenger trains to and from their work, and there are hundreds of people who are required to do this. The question therefore is one of much concern to them, and they are naturally interested in some announcement from the railroad officials as to this phase of the situation. It is anticipated that the increase in rates will serve to drive quite a number of people who have heretofore patronized the railroads to using the street cars wherever the latter are available.

Now located in the Jones Building corner Sixth & Donner Avenue, Monessen is the Original and only Sulphur absorption and Eliminating Baths, the Dr. Kruse System. Try these baths for rheumatism, neuritis, Sciatica, Lumbago, all kidney disorders, nervousness, and reduction of high blood pressure. Better than any hot springs. E. J. Milsom, D. C. Manager. 51t4*p

Commissioners Are Ready To Register Women Voters

The commissioners of Washington county are prepared to have all women who would be eligible to vote, registered immediately, should the 19th amendment to the Constitution be approved by the necessary number of States. They have matters so well in hand at the present time that, if registration becomes necessary it can be accomplished in this county within a very short time. Instructions have been sent to assessors and registry assessors, calling their attention to the probability of having to undertake this work and urging them to be in readiness for prompt service upon receipt of proper supplies and equipment.

In spite of the fact that there is an opinion in legal circles that the mere ratification of the 19th amendment by the required number of states is not enough to cause Pennsylvania to take any steps to get the women properly placed on voting lists, yet if orders are given to do this, Washington county officials will see to it that the women entitled to vote are amply cared for in this particular. It is believed that the legislature of Pennsylvania only can properly and legally provide the ways and means of adding to the voting rolls the names of the women, or any other voters, for that matter. The law now provides only for the registration and assessment of those persons "duly qualified as electors by the constitution and laws of the commonwealth." Now the women can be added to the registration lists by the mere ratification of the suffrage amendment, or by proclamation by any state official, is more than many bright legal minds can determine.

It is estimated there are 30,000 women in the county who would be eligible to registration and to the ballot.

TO SHIP GASOLINE BY BARGE LOAD

At a meeting of the West Brownsville borough council held Monday evening last, a representative of the Atlantic Refining company appeared and asked for permission to construct a pipe line from the company's property in that town down to the Monongahela river, for the purpose of pumping gasoline from tank barges that may be brought up the river from that point.

The representative recited many instances where the shipments of gasoline by rail were delayed for several weeks, while if permission was granted to the company to place the pipe line it would be possible to bring at least 60,000 gallons of gasoline up the river at one time.

The West Brownsville station of the company promises to be the central point of a large distributing territory, and with uncertain railroad service Uniontown and other interior points are going there for their supply.

The council granted the necessary permission, and it is anticipated that the necessary pipe line will be under construction in a very short time.

The United States is the leading source of supply of the leather industry, expecting on an average $200,000,000 worth of unmanufactured leather annually.

1 will collect that rent, positively in advance and guarantee no vacancies. Clyde B. Cope, Real Estate and Insurance, 315 McKean avenue. 21-tf*

L. C. B. A. OUTING VERY ENJOYABLE

The picnic held at Eldora Park, Thursday afternoon and evening by Branch 782, L. C. B. A., was a very enjoyable affair and well attended. Visitors were present from Monessen, Donora, Monongahela and Pittsburg. The sports in the afternoon were very pleasing to the children, while the dancing in the evening was enjoyed by hundreds. The day was ideal for the outing and the members and visitors made the most of the occasion.

WILL OPEN BIDS SOON FOR CRAWLER TRACTOR

The county commissioners will, within a short time, open bids for the purchase of one or more track or wagon loaders of the crawler or caterpillar type, one of which machines will probably be ordered immediately and at least two others when the first one shall have proven its ability to do what is required. This is the style of machine the commissioners witnessed in operation some time ago near Wheeling, W. Va., and whose performance there convinced them that two or three in use in this county would work wonders in the way of road building and improving sections of county roads that need repairs.

Miss Helen Greely of East End, Pittsburg, returned to her home after spending a short visit with Miss Elizabeth Pardiny.

PITTSBURGH MINE MEN MAKE CHARGES OF DISCRIMINATION

BOROUGH LOSE IN GAS RATE FIGHT

The Public Service Commission of Pennsylvania on Wednesday dismissed the complaints of the boroughs of Glassport, Wilson and Elizabeth against the Rock Run Fuel Gas Company, in which it was alleged a new schedule of rates, put into effect December 5, 1918, are unjust, unreasonable, excessive and dischiminatory.

ONLY LIGHT FINE IMPOSED BY JUDGE

Declaring that the constitutional rights of many persons are being violated by prohibition agents and other officers making arrests for violation of the prohibition law without first obtaining the necessary Federal warrants, Judge Charles P. Orr, in the United States District Court at Pittsburgh on Thursday denounced the actions of officers in the arrest of Mele Foster and Joe Bijart of Clarksville, Greene county, who were in court on a charge of having an illicit still in their possession.

When Judge Orr learned that the defendants had been apprehended by local officers and turned over to prohibition agents without warrants having been issued or complaints filed, he directed counsel for the two men to have them change their pleas of guilty to that of no defense. The court then imposed a minimum fine of $1.00 on each of the defendants.

Judge Orr said that many foreigners have been arrested for alleged violations of the Volstead act. Judge Orr on numerous occasions has taken issue with the government officials on the matter of warrants and Friday he said "How can the government expect commensurate fines to be imposed upon men who have already been punished by illegal procedure?"

LOSERS ENTERTAIN CONTEST WINNERS

The friendly contest existing between members of the Zanana Bible class of the M. E. church reached a happy climax on Tuesday evening, when over 50 members met at the home of Mrs. Elmer Small, where the winners were entertained with a social time by the losers. They were then escorted to Wagner's, where refreshments were served. The contest under the leadership of Mrs. E. M. Greenlee and Mrs. Joseph Hancock began in February and the aim of the class was to gain new members and have regular attendance. The class, which has an enrollment of 90 members, is one of the most flourishing of the Sunday school, and is taught by Mrs. T. F. Lindsay. An added pleasure of the evening was the presence of Mrs. C. A Hartung, wife of a former pastor of the church and also a former member of the class

Say Railroad Employes Are Concerned in Supply To Wagon Mines

ASK FOR AN INVESTIGATION

Startling charges of railroad discrimination in the day of supplying coal mines with cars is made by the Pittsburg Coal Operators' Association, in letters sent to the Interstate Commerce Commission to the Pennsylvania Public Service Commission, as well as to a number of railroad officials. The letter was made public on Friday and it is likely that a searching investigation will be made.

It is charged in the letter that the in the interest of wagon mines, of which there are a large number in the Pittsburg district, but the charges also involve reconsignment of cars by brokers. In same cases it is alleged that cars have been sold four and five times while in transit, and reached a consumer only after top profit had been exacted, most of the money going to brokers. The numerous reconsignments are claimed to have been practiced with the connivance of railroad officers.

The letter sent to the I. C. C. and other states that reports are so numerous and persistent of the prevalence of underhand practices in car distribution in coal operations, that the Association believes them to be true, and that they should be brought directly to the attention of the Commission. The charges are that:

Railroad officials and employes are buying coal from operators of the classes mentioned, selling the coal at a profit to themselves, and in return for this privilege are furnishing these operations, cars in excess of the number to which they are properly entitled.

That railroad employes are accepting money in payment for cars furnished to operations in the classes mentioned in excess of the number to which they are properly entitled.

That the failure of railroad employes to make proper reports, cars placed empty at operations of the classes mentioned, and hauled to the scales loaded, do not appear upon the percentage sheets.

The charges further say that many operations of the classes mentioned are being allowed regular daily car supply on the theory that they are on a construction basis, this long after the construction is completed.

And finally, that it is further reported that many of these wagon mines, team track loaders and other very small operations are loading coal of poor quality, charging the highest process for it, selling it through brokers and speculators and paying wages in excess of the mining scale. By these practices they are bringing the coal business into disrepute and causing great unrest among the men employed at all the mines.

THE PILGRIMS

The series of ceremonies to commemorate the third centenary of the landing of the Pilgroms began very appropriately with a pageant in Southampton, England, depicting the sailing from that port of the devoted voyagers in the Mayflower.

It was a picturesque curtain-raiser, with all the actors in Puritan costume, for the various observances that will engage the attention of this country for some months to come up to their culmination in the celebrations at Provincetown and Plymouth in December.

And is there in fact any event in the history of this republic to which Americans could more fittingly give thought at the present time?

The anniversary occurs at a peculiar moment for the study of the lives and characters of these resolute champions of intellectual liberty who let their homes and crossed the sea to an unknown land for conscience's sake. At a time when a true concept of the ideals of democracy is so important it will be inspiring to study their idealism. They charted the way and it is still by the signposts they set up that their descendants must shape their course.

The celebration of the coming of the Pilgrims, apart from its historical feature, is an ordained occasion for reaffirming old principles of freedom and for taking stock of moral ideals. The land which they found a wilderness has accumulated with its complex civilization problems of reconstruction quite as difficult as any that confronted them.

TAKE A VACATION

Many a man who has to work for a living is debating these days whether he can afford to take a vacation this summer. He has the problem wrong end first. He should ask himself whether he can afford not to take a vacation.

Few of us work so hard that we need to rest for long periods at a time, but all of us need change occasionally. We ought to get away from our daily tasks and accustomed surroundings for a while at least and see new things, talk with different people and acquire new ideas and new viewpoints.

Monotony is the most wearing thing in the world, and the most depressing as well as the most hardening. It stunts both the body and the mind and makes both an easy prey of disease.

A vacation is a tonic, a rejuvinator and it will often prevent actual breakdown.

A vacation of a week or two weeks will cost less than an illness of the same duration. We can get pleasure and benefit from money spent on a vacation, but there is neither pleasure nor benefit in paying avoidable doctor's bills and hospital bills.

AMONG THE HOME FOLKS

As a vote getter among people who know him personally, Senator Harding is probably without a peer. In the county in which he spent his boyhood and where the people are most familiar with his record in his dealings with his fellow men, Mr. Harding received 2,411 votes to 233 for his opponent or a majority of more than nine to one. In his old home precinct he received the vote of every citizen who went to the polls. Senator Harding has demonstrated that there are exceptions to the old rule that a prophet is not without honor save in his own country.

Oil refineries plan to make a nation-wide appeal for conservation of gasoline in pleasure cars, which, if not heeded, will be followed by a system of rationing throughout the United States, to be put into effect by refining and marketing companies. A Standard Oil company official is quoted as saying American automobile manufacturers are partly at fault for not designing cars to cover greater distances on same amount of gasoline. English cars go 22 to 25 miles on one gallon, while American cars only make half the distance.

Remember your dead. W. S. Cook and Co. Monuments with Lawrence Frye Funeral Director. 208tf

BECKHAM'S BITE

Senator Beckham of eKntucky has promised Candidate Cox a sweeping State victory in November. To make that promise good the Democratic party must overturn a majority of 16,000 given the Republican candidate for Governor last year. The Kentuckians are very well satisfied with the administration which Governor Morrow has given them, and they are fighting mad respecting the Wilson-Cox plan to internationalize the United States. So Beckham appears to have bitten off more than he can chew.

The efficiency of labor is increasing, according to reports from 49 manufacturing firms operating 40 different lines of industry in New York City. This testimony is submitted by the same manufacturers who reported in September, 1919, that in general labor was not more than 70 per cent efficient, judged by normal standards. The increase is not as yet remarkable, but the testimony is unmistakable that a change for the better is no well under way.

Less tobacco has been planted in the south this year, owing mainly to the shortage of labor. According to E. C. Westbrook, tobacco expert of the Georgia State Agricultural College, Georgia has only about two-thirds as many acres planted as in 1919. South Carolina has only about 60 per cent of last year's acrege, while there has been only a slight increase in North Carolina.

CLAIM WEBSTER TO BE "WETTEST" SPOT

Reports persist that Webster is the "wettest" spot in the upper valley, one statement being that whiskey is being sold openly over the bars in various places in that town. Webster occupies asomewhat peculiar position in that it is a town of several hundred inhabitants, and yet it knows no corporate government It is a part of Rostraver township, and all its affairs, municipal and otherwise are conducted on a township basis. Moreover Webster has been a town for many generations, but apparently the citizens are satisfied to live under a government which can do little for the people, and which precludes any municipal improvements.

SECURE BIG ORCHESTRA FOR PAGE STEEL PICNIC

The committee in charge of the music for the picnic to be given by employes of the Page Steel and Wire company at Eldora Park on the 14th inst., have secured the services of the Belvidere Sextet of Altoona, Pa This organization has made big hits in a music way this season at the Summit Hotel, east of Uniontown. Prospects for the outing are looming big, and the committees expect one of the most successful picnics of the year.

ROADS ASK INCREASE IN INTERSTATE RATES

Railroad operating in Pennsylvania on Wednesday asked the Public Service Commission for permission to file intra-state tariffs to correspond with the increased rates approved by the interstate Commerce Commission. The application asks the rates be made effective on five days' notice and cover all freight and passenger increases. The application for a five day notice would permit the carriers to make the state increases applicable on August 26. in conjunction with the advance throughout the country.

Beautiful Girls

WITH LUXURIOUS, SOFT FLUFFY HAIR

Soon grow from the healthy child who has enjoyed proper parental care.

Care of the young daughter's hair, in this day and age, is very essential to her attractiveness, progress and success in the soon-to-come young womanhood of her life.

Do not destroy her chances in life by hair neglect. Naturally if there is no antiseptic tonic used on the scalp, dandruff germs, which lodge there and which are practically unavoidable, will get a start and destroy hair roots and the small glands which supply color to the hair. This condition means a thin growth of fading, falling hair. As a direct result of this many girls are at a decided disadvantage.

The easiest, cleanest and most satisfactory remedy for guarding against or removing these and other hair troubles is the hair nourishing antiseptic, CRUDOLEUM. It will overcome the dandruff, save the hair and avoid much future expense and trouble and assure for that daughter of ours the asset and blessing that she is justly entitled to, namely, beautiful, healthy hair.

CRUDOLEUM is endorsed by professionals everywhere and a large bottle is sold at F. J. John's drug store for only 35c. Get a bottle today at F. J. John's; he is authorized to guarantee itto satisfy you. If your druggist does not happen to have CRUDOLEUM in stock, mail us 40s and we will send it to you postpaid. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkinsburg Station, Pittsburg, Pa.

Mr. and Mrs. R. Schmidt, Jr., have returned home from a two weeks' trip to Buffalo. Niagara Falls and Cleveland.

Mrs. B F Usher, of 615 Fallowfield Avenue, has returned home after undergoing an operation at the Charleroi-Monessen hospital.

A union Sunday school picnic of the colored Baptist churches of Charleroi, Donora, Monessen and Belle Vernon is being held today at Oakland Park.

THE MEASURE OF A MAN

is not found in the amount of money that comes into his hands, but rather in the amount he is strong enough to retain.

If he spends beyond his income, he shows that even at manhood he has not grasped the lesson he should have learned in youth.

If he saves a fair proportion, he shows a fine regard for the fundamental law of financial progress.

Our certificates of Deposit are an ideal form of investment for savings.

New Chemical Kills Bed Bugs
P. D. Q.

P. D. Q. (Pesky Devils Quietus) is the name of a new golden colored chemical discovery by Dr. Price that actually rids the worst infested house of bedbugs, roaches, fleas, ants and their eggs. They don't have time to kick after you go after them with P. D. Q. A 35c package of P. D. Q. makes a quart of strong bug-killer, and goes farther than a barrel of the old fashioned dangerous dope. P. D. Q. coats and kills their eggs and prevents hatching. FREE a patent spout in every box to enable you to get them in the hard-to-get-at-places, and saves juice. P. D. Q. for family use 35c. Special Hospital and Hotel size $2.50 makes 5 gallons, contains 3 spouts—your druggist can supply you, or sent prepaid to your address either size on receipt of price by the Owl Chemical Co., Terre Haute, Ind. P. D. Q. is never peddled.

TO CLOSE ESTATE.

They Don't Need Much Sugar

Old fashioned housewives canned by the open kettle method, and required a great deal of sugar to keep the fruit. When sugar was scarce or high they canned very little.

The scarcity of sugar this year is making little difference in canning. The cold pack methot not only makes vegetable canning safe and advantageous, but it permits fruit canning to be done in a very light syrup. With our equipment, fruits may be safely canned without sugar.

We have all sizes Jars, Covers, Good Luck Jar Rings, Wrenches, Wax, Ladles, Funnels, Tops, Sieves and Strainers, Handy Jelly Bag or Strainer with table attachment; wood spoons, enamel, aluminum, tinned Basting Spoons, all sizes; Fruit Jar Racks, used in the wash boiler, Handy Fruit Jar Holders. Everything you will need for canning fruits and vegetables.

Grant's Hardware
